SUPPLEMENTAL DECLARATION FOR REISSUE PATENT APPLICATION
UNDER 37 CFR 1.175

I/We hereby declare that:

Every error in the patent which was corrected in the present reissue application, and which is not covered by the prior oath(s) and/or declaration(s) submitted on March 21, 2002 in this application, arose without any deceptive intention on the part of the applicant.

Applicants believe the original patent to be partly inoperative or invalid by reason of error in the specification and claims of the original patent. The error relied upon is that the weight ratio of triglyceride/diglyceride/monoglyceride in the original patent is incorrectly indicated as being 46 to 90/9 to 35/1 to 15. However, the correct weight ratio in the original patent should read monoglyceride/diglyceride/triglyceride being 46 to 90/9 to 35/1 to 15.

Further, applicants believe the original patent to be partly invalid by reason of error in the claims of the original patent. The error relied upon is that the number range allowed to represent m, n, and l and the allowed sum of m, n, and l are incorrectly indicated as 0 to 4 and 1 to 4 respectfully.

I/We hereby declare that all statements made herein of my/our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
